

Glenny's Releases New Organic, Vegan Marshmallow Treats

Glenny's, the manufacturer of Soy Crisps, has just unveiled their newest product, Brown Rice Marshmallow Treats. Marshmallow crispy treats are such a wonderfully simple concept of sugar meets texture, yet until now the convenient versions had actually been off-limits to various consumers. Thanks to Glenny's, a vegan, organic, dairy-free, gluten-free option now exists. Avoiding gelatin, butter, egg whites, and ingredients such as high fructose corn syrup has allowed this new Glenny's product to don both the certified vegan and certified organic seals ...

The ingredient list contains only Organic Whole Grain Brown Rice, Organic Marshmallow Recipe (Organic Brown Rice Syrup, Organic Evaporated Cane Juice, Organic Guar Gum, Sea Salt), Organic Palm Oil, Vegetable Glycerol, Organic Rice Brown Extract, and Organic Vanilla Flavor. For those with food allergy concerns, they may contain traces of peanuts, tree nuts, and sesame seeds due to ingredients (see flavors that follow) and manufacturing processes.

Glenny's mission is to create a variety of delicious snacks for those who wish to pursue a healthy and compassionate lifestyle, and they seem to be succeeding. At just 100 calories per treat, these individually packaged snacks will travel well in lunchboxes and purses for a pleasant dessert that won't wreak havoc on waistlines. Plus, they are available in three different flavors, Vanilla, Chocolate, and Peanut Caramel.

The Brown Rice Marshmallow Treats and other products from Glenny's are available for purchase from Glenny's online. Also, for a limited time Glenny's is offering 15% off their Marshmallow Treats Variety Pack
